- \*Pray
  - This week we pray for...*

## 🔑 Caring Conversations

- \*Discuss the Bible story
  - +What questions did the chief priests ask Jesus?
  - +Jesus told the chief priests a story. What kind of story did he tell?
  - +What did the father ask his sons to do?
  - +How do you feel when you do what you say you will?
  - +How do you feel when you say you will do something and don't get it done?
  - +How do you feel when someone else says they will do something to help you and then they don't do it?
  - +What kinds of actions show that someone is a follower of Jesus?

## 🔑 Ritual & Tradition (& Family Fun)

*Jesus taught about the importance of matching our words and actions. This is a game we play at camp frequently that is all about actions. Our actions show others what's important to us. We want our actions to show how we follow God.*

Choose a volunteer to be the guesser. Send them out of the room for a minute. Have the rest of the players stand or sit in a circle. Choose a volunteer to be the leader. The leader starts an action and the rest of the group repeats that action. Invite the guesser to come back and stand in the middle of the circle being able to look around at everyone in the group. The leader changes actions every few moments. The rest of the group follows the leader's new action. The guesser has to guess who the leader is. Once the guesser figures out the leader, repeat the game with a new guesser and a new leader.

Examples of actions: clap hands, pat head, stomp feet, clap hands on floor

## 🔑 Service *Chore Charts*

- \*Make a list using words or pictures of the chores/tasks you are asked to do at home, daycare, work and/or school.
- \*Mark the chores in some way that you like or don't mind doing.
- \*Mark the chores in a different way that you wish you didn't have to do.
- \*Caring Conversation
  - +Why is it important we complete both the tasks we like to do and those we don't like to do? (This is a great life-lesson for your children. Even at your work there are things you don't like to do but you need to do them anyway.)
  - +Take a look at each person's chore chart. Are there things that can be added or need to be shifted to another person in order to help out each other?
  - +Choose one chore/task you can secretly do for another person this week to help them out and share God's love.
